

ASX and Media Release

Change of mining contractor at Challenger completed seamlessly and on schedule

WPG Resources Ltd (ASX: WPG) advises that Pybar finalised its demobilisation from the Challenger mine site on 5 August 2017.

On the same day, ByrneCut finished mobilisation to site and has now assumed responsibility for all underground mining at Challenger. After ensuring underground conditions were to standard and employees were safely inducted operations are now gaining momentum with the first stope fired by the new contractor during the night shift on 15 August. Stockpiled ore was treated during the changeover period.

ByrneCut was the contractor at Challenger prior to WPG's acquisition of the mine and is very familiar with operations at site. ByrneCut is a full service underground mining contractor operating in Australia, Africa and the Middle East.

Further Information

For further information please contact WPG's Executive Chairman, Bob Duffin or CEO, Wayne Rossiter on (02) 9251 1044.

Forward looking statements

This document may include forward-looking statements. Forward-looking statements include, but are not limited to statements concerning WPG's planned activities, including but not limited to mining and exploration programs, and other statements that are not historical facts. When used in this document, the words such as "could", "plan", "estimate", "expect", "intend", "may", "potential", "should" and similar expressions are forward-looking statements. In addition, summaries of Exploration Results and estimates of Mineral Resources and Ore Reserves could also be forward looking statements. Although WPG believes that its expectations reflected in these forward-looking statements are reasonable, such statements involve risks and uncertainties and no assurance can be given that actual results will be consistent with these forward-looking statements.
